

Electricity Usage Per Year

Total Electric Consumption (1 Year) \$ 1,597,618.00

The electricity consumption record of WCC ATC Binalonan from October 2024 to the present shows a total usage of 1,597,618 kWh over a 12-month period. This data is derived from multiple electricity meters installed across various campus buildings and facilities, enabling precise monitoring and management of power usage. The use of separate meters allows the institution to track energy consumption more accurately and implement targeted measures for improved efficiency and sustainability.
