

# Number of motorcycles entering the university daily

| No. | Vehicle                                                               | Total Number |
|-----|-----------------------------------------------------------------------|--------------|
| 1   | Number of motorcycles entering the university daily<br>(Gate 1 and 2) | 50           |
|     | Total                                                                 | 50           |

Approximately 50 motorcycles enter WCC Aeronautical and Technological College daily. These are mostly used by students, faculty, and staff as a convenient and economical mode of transportation. The college provides designated motorcycle parking areas and enforces traffic regulations to ensure safety and order within the campus.
